Year 3 Spelling Word Search

Each of the word searches focuses on a different Year 3 spelling pattern. Two versions of the word searches are available:

Blank version

The children are asked to find hidden words in the letter grid. Having located those words, they should identify the spelling pattern these words share.

Further questions on the spelling pattern are included on the second sheet.

With words

The hidden words are listed at the bottom of the page to help children with their search.

Answer sheets

Answer sheets for all of the word searches are provided.
