

20.1.23 Sea turtles

What do sea turtles look like?

Sea turtles have a shell as brown as dirt and as hard as river rocks!

They have bright green flippers. The sea turtles have a tiny kail.

eggs in the sand!

Lots of eggs under the deep, dark and gloomy sand is called a clutch.

Female sea turtles go to the beach they were born to lay eggs.

They can HAVE 100 EGGS!

the PRAV!

Sea turtles can be herbivore or carnivore! Carnivores eat fish, herbivores eat sea grass.
