Sea turtles

What do they look like?
Sea turtles have very hard shells
to protect them so they don't get

damaged. The shells are so hard that
most sea turtles can't get hurt by sharp
objects because they make them
sea turtles have patterns to make
them to camouflage them so they

where do they live?
In the ocean where it's warm
so the sea turtles can get warm
so they can't get cold. They live
most times under the sun because
they don't want to get cold.

Some times they live in sea
so they can hide from over the
animals.

lay eggs
sea turtles lay their eggs
on sand so it is safe so the
egg don't break while they
are there so they can hatch.

Don't eat the eggs because
they don't want to eat them. Sea
turtles eat fish so they have egg
on sand because under the sand
there is more sea animals.

Don't eat the eggs because
